

# Always in Neverland

Bergevin Brothers Music

6/26/09

There is a place you will always sing, Always in Neverland  
Forever you will be the king, always in Neverland  
You are the birds that sing each day, your every move has formed the clay  
For every prince and queen to play, always in Neverland.

I see myself with you on stage, always in Neverland  
I know that I can do it too, always in Neverland  
Because you helped me know the joy, of how to stay the girl or boy  
With one another, share each toy, always in Neverland

Neverland is never far away. Hand in hand with you I dance and play.  
Close my eyes and I can always see, you the king of Neverland with me.  
Neverland is where we all have dreams. Only good shines through on each sunbeam.  
Close my eyes and I can always see, you the King of Neverland with me.

Always, always, always, always.

Always, always, always, always.

Always, always, always, always.

Always with me, always in Neverland (repeat a ca paella at some point)

Some magic potion helps us stay, always in Neverland.  
Moonwalk slow motion, laugh and play, always in Neverland.  
We dive into the deepest sea, and fly from cliffs like in a dream,  
Two soaring eagles, you and me, always in Neverland.

*(Then repeat first verse a ca pella at the end, followed by the "Always, Always" chorus.)*
