

Fired Up, Ready to Go

February 2007

A slim man, arms stretched toward heaven
Looking up this soaring peak,
The crowd hushed and he did speak, he said

Fired Up, Ready to Go
The time is now, the world we know
Is greater than here where we stand, let's
Join together, all our hands,
And lift each other up above
Let's restore hope and love
For every woman, child and man,
We can do it, yes – we – can, we are...

Fired up, ready to go
Fi – ered – up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go

Bound up by common past
Ties that we have built to last
Some sacrifice, each man
All united, here we stand

We do believe, and we embrace
Everyone, creed, color, sex and race
We are here through other's pain
And still we live the dream again
Working together, every day
We can change the world this way
All the struggles, smiles and pride
Lead us to the other side...we are

Fired up, ready to go
Fi – ered – up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go

(Choir sings call and response)

Fired Up
Fired Up – Ready to Go
Fired Up
Fired Up – Ready to Go
Fired Up
Fired Up – Ready to Go
Fired Up
Fired Up – Ready to Go

16 bars of Guitar Solo..., then...

(Simultaneously...)

We can do it, yes we can...We can do it, yes we can
We can do it, yes we can...We can do it, yes we can

They **said** this **day** would **never come**. They **said** our **sights** were **set** too **high**. You
said the **time** has **come** to **move beyond**... **move beyond**, **move beyond**

Up the mountain one and all
Last man hears the front man's call
Up toward where all can see
The beauty of equality, now we

Rise up, mornin's come
The time is now, join everyone
The time has come to move beyond
To meet the challenges head on
Listen, learn and cross the lines, we will
Work to leave no one behind
With our hearts and with our minds we will
Reach the top and we will find, we are...

Fired up, ready to go
Fi – ered – up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go
Fired up, ready to go
Fi – ered – up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go
Fired up, ready to go
Fi – ered – up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go

Fired up, ready to go
Fi - ered - up , ready to go
Reach higher, up we will go
We are, fiiiiiiired up, ready to go

Ready to go.

We can do it, yes we can
Every boy, girl, women and man
Fired Up, Ready To Go
